### Academic Positions

2019–2025 **University of Connecticut**, *Graduate Student*.

### Education

2019–2025 **Ph.D. Mathematics**, *University of Connecticut*, Storrs, CT.

*Advisors:* David Reed Solomon and Damir D. Dzhafarov

2015–2019 **B.A. Mathematics with Logic Minor**, *University of California, Berkeley*, Berkeley, CA.

### Research Interests

**Branches of computability theory, such as computable structure theory, algorithmic randomness, and reverse mathematics.**

### Publications

**The Ginsburg–Sands theorem and computability theory**, *Benham, H. et al*, *Advances in Mathematics*, vol. 444, article no. 109618, 2024.

### Preprints

2024 **Computable categoricity relative to a c.e. degree**, *Villano, J.D.*, submitted.

2023 **Normality, relativization, and randomness**, *Calvert, W. et al*, submitted.

### Conferences Invited To

Summer 2024 **Computable Structure Theory and Interactions**, Technische Universität Wien, Vienna, Austria.

*Upcoming – Presentation title:* Computable categoricity relative to a degree

Spring 2024 **The New England Recursion and Definability Seminar**, Dartmouth College, Hanover, NH.

*Canceled – Presentation title:* Computable categoricity relative to a c.e. degree

Spring 2024 **Joint Mathematics Meeting**, *AMS Special Session on Computable Mathematics: A Special Session Dedicated to Martin D. Davis*, San Francisco, CA.

*Presentation title:* Computable categoricity relative to a c.e. degree

I received support from the AMS (American Mathematical Society) to attend.

Spring 2023 **A Convergence of Computable Structure Theory, Analysis, and Randomness**, *BIRS 5-Day Workshop*, Banff International Research Station, Banff, Alberta, Canada.

I received support from BIRS (Banff International Research Station) to attend.

Spring 2022 **AMS New England Graduate Student Conference**, Brown University, Providence, RI.

*Presentation title*: Priority arguments

## Conferences Attended

Spring 2024 **CBMS Conference – Algorithmic Fractal Dimensions**, Drake University, Des Moines, IA.

*Upcoming*.

Spring 2024 **ASL North American Annual Meeting**, Iowa State University, Ames, IA.

*Upcoming – Presentation title*: Computable categoricity relative to a c.e. degree

Spring 2024 **AMS New England Graduate Student Conference**, Brown University, Providence, RI.

*Upcoming – Presentation titles*: Topology in the Reverse Math Zoo; Computable categoricity relative to a c.e. degree

Spring 2024 **17th International Conference on Computability, Complexity, and Randomness**, Nagoya University, Nagoya, Japan.

*Presentation title*: Computable categoricity relative to a c.e. degree

I received support from the organizers to attend.

Spring 2023 **Computability and Combinatorics Summer School and Conference**, UConn Hartford, Hartford, CT.

Spring 2023 **Association of Symbolic Logic Winter Meeting at the Joint Mathematics Meeting**, Boston, MA.

I received support from the ASL (Association of Symbolic Logic) to attend.

Summer 2022 **IMS Graduate Summer School in Logic**, National University of Singapore, Singapore.

I received support from the National University of Singapore to attend.

## Seminar Presentations

Spring 2024 **The Ginsburg–Sands theorem and computability theory**, *SIGMA Seminar*, University of Connecticut, Storrs, CT.

Spring 2024 **Normality and Randomness**, *SIGMA Seminar*, University of Connecticut, Storrs, CT.

Fall 2023 **Randomness and Hausdorff dimension**, *SIGMA Seminar*, University of Connecticut, Storrs, CT.

Fall 2023 **Computable categoricity relative to a c.e. degree**, *Connecticut Logic Seminar*, University of Connecticut, Storrs, CT.

Fall 2022 **When does the existence of an isomorphism imply the existence of a computable isomorphism?**, *SIGMA Seminar*, University of Connecticut, Storrs, CT.

## Teaching Experience

- 2023-2024 **Course Instructor for Math 1071Q (Calculus for Business and Economics)**, *University of Connecticut, Storrs, CT.*
- 2019-2022 **Teacher Assistant**, *University of Connecticut, Storrs, CT.*
- **Fall 2022**: Math 1132Q (Calculus II)
  - **Spring 2022**: Math 1132Q (Calculus II)
  - **Fall 2021**: Math 1131Q (Calculus I)
  - **Spring 2021**: Math 1132Q (Calculus II)
  - **Fall 2020**: Math 1132Q (Calculus II)
  - **Spring 2020**: Math 1132Q (Calculus II)
  - **Fall 2019**: Math 1131Q (Calculus II)

## Outreach

- 2022-2024 **President of the UConn Chapter of the Association of Women in Mathematics**, *University of Connecticut, Storrs, CT.*
- Fall 2022 **Speaker at the Mathematics Continued Conference**, *University of Connecticut, Storrs, CT.*
- The Mathematics Continued Conference seeks to give undergraduate students interested in math an opportunity to learn about graduate school and current research done by graduate students and faculty.
- Summer 2020 **Course Tutor for SSS Math Program**, *University of Connecticut, Storrs, CT.*
- Student Support Services (SSS) is a federally funded program at UConn which serves incoming students who are first-generation to college and/or come from communities underserved in higher education.

## Languages

- |         |  |   |
|---------|--|---|
| English | Advanced proficiency in reading, writing, and speaking     | <i>Second language learned, learned in 2003</i> |
| Tagalog | Intermediate proficiency in reading, writing, and speaking | <i>Native language</i>                          |
